

Imagine our streets, our communities, free from the chains of crime, the chains of drugs, violence and perversion... Imagine the lost and the lonely, freed from their bonds of rejection and sin.

Loving our communities and seeing the transformation we desire, starts by praying for those who live on our street.

Prayer will change the spiritual climate of our neighbourhoods, prayer will open doors to breakthrough; it will demolish walls of division.

“Loving our neighbour” should come in all shapes and sizes. Praying for those I live next to is the **GRASSROOTS PRAYER** that is part of the key catalysts to ignite the fires of revival and transformation in our communities.

H-O-P-E (Houses Of Prayer Everywhere)— a very simple strategy to pray for our streets and spread the message to others until every street in the nation is covered with prayer.

- **REGISTER** your street:
 - Visit the website: www.adopt-hope.co.za
 - OR**
 - Send a WhatsApp or SMS to **072 412 7378** with your name, the street name and community/town/city e.g. Suzie Brown, Long Street, Strand
- By registering your street you **COMMIT** to start praying for your street, neighbours and neighbourhood. This can be done in various ways e.g.
 - Prayer Walk your street
 - Pick 2 or 3 households and start praying for them regularly
 - Let others know that you are praying and ask them to join you.

Prayer Guides are available on the website or can be collected from Pneumatix Transformation Centre to help you with this.

Once we start to pray for our neighbourhoods it will not only take Christ into our communities, but also open doors for social as well as spiritual breakthroughs.

Prayer opens the door for us to walk through, it arranges opportunities, and it frees from strongholds.

Prayer and action go hand in hand, and can change people and communities.

Our dream is for the total Transformation of our communities...

We want:

- **Change** to come to the lives of people living in our community.
- We want them to **understand** that God has a purpose and a plan for their lives—that they can be different.
- Impacting strategic areas of our community through building relationships with people and finding ways to meet their needs, using two simple ingredients:
 - **consistency**
 - **servant hood**

ADOPT-a-BLOCK

Once you have committed to pray for your street and neighbourhood Adopt-a-Block will make it possible for **EVERYBODY** to see change come to your area in your life time... you are now God's Missionary on your street.

Instead of trying to reach the entire city, you become faithful in your one area.

Here's how:

- ⇒ **Phase 1:** As a H-O-P-E Agent... **Prayer Walk** your street and block, at least **once a week**
- ⇒ **Phase 2:** **CLEAN and pick up any form of trash** as you walk around the block
- ⇒ **Phase 3:** **Begin recognizing and befriending the people on your block** in order to build relationships with them and find out what their needs are. This will take time. Remember, **consistency** is a necessary component for this strategy
- ⇒ **Phase 4:** **Scout** out your neighborhood for an area(s)/house (holds) **that could use some love and service.**

This is NOT for the Lazy or faint-hearted Christian or Person...

It's about: **Work; Compassion; Relationships**

- Examples of leaflets/letters containing introduction/information on the Red H-O-P-E Post Box will be available to you to leave in your neighbour's post boxes.
- On every last Friday of the month (we will call it **Neighbourhood Friday**) you will receive a Newsletter sharing basic **Prayer** needs for our communities, suggestions on how to **Care** for your neighbours, how to **Share** Jesus with them and some testimonies of answers to prayer. These newsletters will also contain information on any community initiatives for the coming month.
- Neighbourhood Friday could also become a day on which you as a Neighbourhood / Block comes together for a braai, for coffee or just to pray with one another.
